Home Services Placement Agency
773-777-8777

Homeward Bound is proud to offer Almost Angels, licensed in Illinois as both a "Home Services Placement Agency" and a "Private Employment Agency". Almost Angels was created to allow our clients more flexibility when customizing their own private-duty home care program. Now we can provide **everyone** with affordable, quality care!

Although caregivers placed through this division are not our employees and are paid directly by the client, each applicant undergoes the same thorough screening process as our Homeward Bound caregivers. Both agencies share the same caregiver pool and the same office excellence.
